

# Manufacturing of Compression Molding Caps

We are one of the largest manufacturer of  
compression molding caps in Central  
India.

## ABOUT US

Ashirwad caps are engaged in **offering high performing Caps in the global areas.**

Our Caps are suitable for packaged drinking water and edible oil, etc. We are providing Caps to leading brands of packaged drinking water.

We produce best quality of caps & closures in different colours like White, Green, Blue, Yellow, Red, Pink, Purple and more.

We use advance technology of Compression moldings developed by SACMI, ITALY and produce caps in weight 1.30 gms. We often keep watching quality & strength of our products regularly.

## Raw material sourcing

We use only virgin food grade quality granules procured from Haldia Petrochemicals Ltd, Borouge, Actega.

## Packing & Stacking

Closures are properly packed in 5 ply corrugated boxes with food grade liners and stacked on plastic pellets for a healthy keep up.

## Closure Quality

Our Quality Control lab is well equipped for an hourly/daily testing of closures as per the specific & necessary requirement with the following equipment.

## Variants

Personalised closures as per the individual client requirement such as Embossing, Debossing.

## Maintenance & Housekeeping

The entire premises is maintained by proper housekeeping.

### Our Vision:

Is to serve as the industry's one-stop destination for all packaged drinking water and edible oil Industries. To maintain our technical expertise, manage for our resources, and be generally environmentally friendly. In order to offer our valued customers the best, most inventive, and cost-effective solutions, we also wish to contain more advanced equipment.

### Our Mission:

Is to implement a propensity toward providing on-time, high-quality products and services, with competitive pricing and long-term consistent value in order to satisfy the needs and expectations of our customers.
